PROFESSIONAL SUMMARY

Accountant with experience in treasury, accounts payable, accounts receivable, journal entries, bank reconciliations, and financial reporting. Familiar with IFRS principles and Odoo and Comsys ERP systems.

PROFESSIONAL EXPERIENCE

Accountant | Delta Chemicals (Delta Company for Fertilizers and Agricultural Chemicals) | Feb 2026–Present

- Record journal entries and document financial transactions in the general ledger.
- Issue, review, and verify sales and purchase invoices; monitor daily receipts, payments, cash, and checks.
- Perform monthly bank reconciliations and reconcile customer and vendor balances; follow up on collections and approved payments.
- Prepare payroll calculations, including salaries, deductions, and allowances, in coordination with HR.
- Calculate fixed asset depreciation and month-end adjustments for prepayments and accruals.
- Prepare and file VAT, corporate income tax, and payroll tax returns.
- Assist with trial balances, income statements, balance sheets, and annual audit documentation.
- Maintain organized financial records, vouchers, and receipts in line with company policies and accounting standards.

Accountant | Blue Ocean Hotel and Diving Center Management Company | May 2025–Feb 2026

- Recorded and reviewed daily revenue and payment transactions against approved documentation.
- Reconciled customer, vendor, and bank accounts and prepared related financial reports.
- Monitored outstanding invoices, collections, and approved payments; maintained organized financial records.

AR & AP Accountant | Winners Food Supplies Company | Dec 2024–Apr 2025

- Followed up on customer balances, invoices, payments, and settlements.
- Recorded daily sales invoices and customer data in accounting programs.
- Assisted with periodic client reports and prepared monthly sales invoice reports.

Treasury Accountant and Purchasing Accountant | Beach Safari Nubian Resort | Jun 2024–Nov 2024

- Recorded daily treasury movements, revenues, receipts, payments, and related accounting entries.
- Disbursed cash according to the disbursement plan and monitored bank balances.
- Prepared supplier records and entries for supplier payables; followed up on debts and payment dates.
- Matched purchase invoices to quantities received, followed up on purchase VAT, and prepared monthly supplier balance reports.
